Subject: Extension Request Granted, Staker Parson Companies, Beck Street Quarry, M/035/019, Salt Lake County, Utah

Dear Mr. Daley:

On June 21, 2005 we received your letter requesting a 60-day extension to furnish your response to the Division's review of your Large Mining Plan for your Beck Street Quarry. You have requested this extension because IGES has not completed their study.

Given the extenuating circumstances, the Division hereby grants your extension request. Please provide your response by August 22, 2005.

We have been attempting to complete the permitting process for this site since April 2, 2003, and we still have not received a completed plan. We have been more than patient in granting extensions to allow for the completion of this plan. However, this will be the last extension allowed for the completion of this plan. If a conceptually completed plan has not been submitted to the Division by the August 22nd deadline, an enforcement action will be considered. Please make every attempt to submit the plan by this latest deadline.

Thank you for your continued cooperation.

Sincerely,

Susan M. White  
Mining Program Coordinator  
Minerals Regulatory Program
